

SEMI-WEEKLY ENQUIRER.

SATURDAY, MAY 18, 1867.

THE NEW TACTICS.—The San Francisco Times has been caught in the Bulletin's trap only it proposes that the People's Committee choose as many more citizens who were not on the Committee for the last two years. This only increases the difficulties. For there is no guarantee that any of the persons of either class ever have or ever will belong to the Union Party. It is true, the last People's Party Convention passed Union resolutions, and these men may be Union men after a sort, but they have been of the rule or ruin sort, and not of the number who acknowledged, really and allegiance to the Union Party. The great blunder is, that it is going out of the party to get nominees for the party. It is violating all the principles of a party organization, and offering a premium for anarchy. The Union Party, like every other, has a uniform method established by usage, the first principle of which is, that men within the party, known, tried, true, hard working patriots are to be sought for the good of the cause, and select men who believe that by organization only can any great end be gained.

Such men, and such only should mould the action of parties. And when a departure from this well established method, found by long experience to be on the whole, best, is pursued, it is very certain to be either to serve some personal end in the party, or what is far more likely, to ruin the party. We trust the Union patriots of San Francisco will not again be led to the slaughter by the Bulletin and its clique of anarchists in the interests of democracy and despotism.

WHO IS HE?—The Sacramento Union of the 15th, prints a letter purporting to come from a Dutch Flat "Mechanic." Perhaps it did, if so we have more than Mechanical skill among us, we have an illustrious inventor. Nobody but he has discovered in Connors' speech the astounding proposition that the "work of the Union Party is completed." The Senator's exact words are these:

"The Union, upon the basis of equal freedom, right and justice to all mankind, if not completely reconstructed, is so nearly so as to reduce it to the next thing to certainty."

If that can be tortured to mean that the Union Party has completed its work, then our Mechanic will have to reconstruct the dictionary.

RELEASE OF THE RIOTERS.—Judge Curry has set the S. F. rioters at liberty. We know nothing of the validity or legality of the commitments, but we do know something of the effect upon public order of allowing criminals to escape just punishment. We know also that there is but one remedy for rioting, and that is speedy and severe punishment. It may be all right for Judge Curry to let men illegally held go free. The court or officer that botched the job is then to blame. But crime must be punished, and we perish. A free people must uphold law and order.

ANOTHER TEMPEST.—Some distinguished patriots of Sacramento are not satisfied with the test adopted by the Union County Committee for the primaries. They have held a preliminary meeting, written a petition, and propose to hold a Mass Meeting. They want only registered voters to have a say in the primaries, while many Union men in the county are not registered.

THANKS.—We have received from the Hon. B. F. Butler, M. C. "Debate in the House of Representatives between Mr. Butler of Massachusetts and Mr. Bingham of Ohio on the Million Appropriation Bill of the Senate for the Southern Rebels; and the amendments of Mr. Butler that a like sum be appropriated to the widows and orphans of our soldiers starved in rebel prisons; or that the rich rebels should be taxed to feed their own poor."

THE READINGS.—Let nobody forget the Readings at the Union Church this evening. The children, the hope of the country, our jewels, must have every advantage. Music is fast becoming as common in America as Germany, let not our children be behind any in the land in accomplishments. To help them to a musical instrument, who will withhold a half dollar?

THE FREEDMAN'S FRIEND.—The Rev. Dr. Haynes, who was here in 1865, in behalf of the Freedman's Union Commission, has returned. Since then he has been all through the South and also in Europe. In relation to his business here, Chief Justice Chase writes:

"I take pleasure in commending the Rev. Dr. Haynes, D. D., to those friends of Christian civilization, in the Pacific States, who may think any commendation entitled to consideration. He has been appointed to represent the Freedman's Union Commission in an Agency on the Pacific Coast. He is held in high respect by those who know him, as a man of ability, integrity and devotion to the cause and work which he represents."

ARRIVED SAFELY.—Towle & Co.'s 13 fat cattle that were stolen from the San Juan ranch and caught at the Yuba Bridge, near Marysville, came into town on Thursday evening in grand style all safe.

OUR GALLANT FIREMEN were out in full regalia, with all their apparatus, on Thursday evening. They had the hose upon the plugs, and through an inch and a half nozzle, played a hundred feet high, and also drenched the streets. About 10 o'clock there was a false alarm and about twenty turned out again.

HOME IMPROVEMENTS.—The Wagon road has almost reached Little York, it may take a week, or two possibly, to complete the blasting and removal of rocks.

PURCHASE OF MINES.—The Mariposa Gazette, of May 4th, publishes in due form, notices of L. L. Robinson and Hall McAllister of an intention to apply to the United States for patents to the Fotts mine, the Cakes and Reese, and Jones claim all in Mariposa county with boundaries as per diagrams filed by them in the Stockton Land Office.

A GROWL.—The Nevada Gazette thinks Sacramento an inappropriate place for the new Mineral Land Office.

C. P. R. R. COMPANY.—We copy the following information of the progress of this great public enterprise from the Virginia Freeman:

"The railroad people are making excellent progress. Tunnels are working on towards the source, and the great shelves in the rocky sides of the mountain are lengthening out as fast as sturdy hands and nitro-glycerine can break the way. The Company has kept close vigil throughout the snow line, the past winter, and what seemed a calamitous season, will yet prove to have been a happy one for the Railroad Company, and in that respect an advantage to the people of this coast. The advantage derived by the Railroad Company from the severity of the past winter, is this: The men along the line have been able to watch the course of the wind currents; where the hoisted drifts of snow lodged; what direction they come from; what is the particular conformation of the mountain, turning it to that particular point; whether the current is the same in severe storms, so as to furnish a guide for erecting protections to the track. All these things have been carefully watched, and the principal and five considerable storms of the past winter.

It is found on about the summit of the Sierra Nevada, as elsewhere, that the ordinary currents and the storm drifts have their special, well beaten course, from which they deviate but little. Except by drifts, the track of the railroad has never been seriously obstructed. Where lying on level ground, from the mountain peaks to turn drifts upon it, enough snow never falls between trains to hinder the cars on regular time. Whenever it was possible, in following ridges, the track has been made to have a southern exposure; every six hours, no amount of snow fall could make an impediment. Where the track lies along the mountain's slope, a plow with one mold-board, similar to that employed on farms, will, with a good steam force behind, throw the snow so as to land many yards away. Nothing in the nature of the country through which it assumes the shape and dimensions of serious hindrance to the completion of the Central Pacific Railroad. Where southern exposures, with side-hill plows are sufficient, the road will be kept open by such cause and means; where open cuts are the receptacle for flying snow banks, they will be cheaply roofed in; where on a long sweep of level ground the snow is lodged by the winds which turn it from the mountain peaks, a side wall will be put up where that will answer, to break the current; where it will not, a trestlework open on each side of the track will support it, now going in will carry the track through a large portion of the distance known superficially as within "the snow line."

A CLINCHER.—We seldom find in a religious controversy, anything more spicy than the following:

Once upon a time, says the narrator, Lyman Beecher and Hosea Ballou met to compare Calvinism and Unitarianism. Both were Bible men, and each came well armed with textual missiles. After several apostrophe blows from each, shrewdly parried by the other, Dr. Beecher opened to the 9th Psalm and read, "The wicked shall be turned into Hell, and all the nations that forget God." There sir, the wicked are in Hell; get them out if you can." Hosea Ballou, calm as a Summer morning, pointing to the twentieth chapter of John's Revelations, read: "Death and Hell delivered up the dead that were in them." "There," said Father Ballou, "they are out; get them in again if you can!"

PLAIN TALK.—The ex-rebel Semmes, editor of the Memphis Bulletin, concludes an article on the labor question as follows:

"We could scour the pine woods of Mississippi and Alabama to-morrow, and drive before us hundreds and thousands of active, stalwart young white laborers, who are wasting their time in utter idleness, because they are too proud or too lazy to work. Many of the families to which these young vagabonds belong are aligned in a state of starvation, some of them being the actual recipients of charity from the Freedmen's Bureau."

RAILROADS.—It is reported that the Central Pacific Railroad has purchased the Western Pacific Railroad, and will immediately construct it to Goat Island. The owners of the Western Road are to keep all the land granted by Congress, while the Central Pacific are to have that part of the subsidy granted by the General Government in bonds. The object of the new owners is to get to San Francisco sooner than the California Pacific from Sacramento to Vallejo.

NEW RAILROAD PROJECT.—On Wednesday of last week the papers were filled in the office of the Secretary of State for the organization of a company to build a railroad from the Truckee, some five or six miles below Stone & Gates' Crossing, to Virginia. We are informed that Bolton, Barron & Co. and the Bank of California will furnish the capital. The road will be about 17 miles in length, and its estimated cost is \$750,000. The heaviest grade on the line will be 150 feet to the mile.

THE KING BROTHERS hope to start up their eight-stamp Cement Mill to-day. They have a large pile of rich cement on hand ready to crush.

LOOK OUT.—Extract from poor Richard's Almanac altered and adapted to these times and this locality. About this time look out for candidates. The above item of news was furnished by one of them.

SALT.—The Virginia Express, May 13th, says Geo. F. Jones, Superintendent of the Sand Springs Salt Mine, tells us he expects, judging by the commencement already made, to sell \$100,000 worth of salt this year—which will be an improvement of 25 per cent, on last year's sales.

HISTORICAL.—The Maori war in New Zealand is one of the longest, though not the most famous in history. It has lasted almost without intermission since 1844.

AN EATER.—Recently, says the Reading Dispatch, a man (?) entered one of our saloons and eat within an hour of forty minnows, 15 herrings, 8 codfish cakes, 7 crackers and 8 pretzels, and drank 8 glasses of lager beer.

LUCY STONE.—Lucy Stone and her husband, Dr. Blackwell, are stamping the State of Kansas in favor of female suffrage. This question is becoming an important element in the politics of Kansas.

REV. A. B. EARLE was to begin a series of meetings at Gold Hill Nev., on Tuesday last to continue through the week.

HIGHLY APPROPRIATE.—The Japanese acrobats have sat down at the feet of Andrew Johnson to learn ground and lofty tumbling.

New York, May 16th. The Herald learns that England designs to seize Cuba in the event of any difficulty with Spain and endeavor to retain the Island as a base on the Gulf of Mexico. The Herald's Dublin correspondent alleges that in 1865 the Fenian Executive Committee of New York transmitted large sums of money to Ireland in the shape of drafts drawn by Belmont on Rothschild. The British government embargoed the bills and directed Rothschild not to pay them, and they obeyed.

A bill drawn for \$2,000 to be used in the defence of prisoners, with others was refused payment in London, and returned to New York, but the Fenians in Ireland alleged that their brethren here have never been able to recover the gold from Belmont. The Fenian organization in Ireland is said to be in working order and unimpaired in force.

A public meeting of Germans held last night in the Seventh Ward determined to form an organization for the purpose of agitating against the Excise special says of the Mobile riot:

The leader, David Vils, who fired the first shot at the Chief of Police, has been arrested. It is said he aimed directly at Judge Kelley. He was held to bail this morning in \$5,000. It is certain that the attack upon the negroes was completely successful. The British government were shot five or six squares off. Shots were fired from the roof of the store kept by Mr. Wolf, directly opposite the stage, and from the windows of the house kept by a man named Brooks at the corner of Royal street. It is believed that shots were also fired from the side window of John Forsyth's house. The editor of the Register, who over-looked the stand says, I cannot vouch for the truth of it as I sat in front of the window a ball must have struck beside me. The excitement to-day is so great that the investigation is postponed. The Mayor and Colonel Shepard will make a rigid inquiry into the matter; troops are posted through the city, a squad occupying the front of the Battle House.

The World's New Orleans special says all the Banks have sustained heavy drafts in consequence of the financial troubles here.

The Herald's Savannah special says: The Republican State Central Committee of Kansas met at Topeka yesterday for the purpose of arranging the canvass. The State platform declares for impartial suffrage. Several negroes were participants and expressed themselves bitterly opposed to female suffrage. Considerable discussions ensued between the friends of the two questions.

The Times special says a delegation of Louisianians called on the President yesterday and were informed by him that Attorney General Stodder's opinion on registration would soon be issued. They applied for an order to restrain Stodder from closing the registration of votes in accordance with his recent order, and were informed that orders will be issued which will enable all who desire to register and are not disqualified by the military bill to do so.

New Orleans, May 17.—Hon. L. D. Campbell, the messenger who went to San Luis Potosi has returned to Matamoros, and reports that Escobedo, with 30,000 men was at Quereiro in possession of all the roads but one, and was soon expected to get that. Maximilian was inside with 15,000 men. Juarez was confident of a speedy triumph at that place and expected to be in the city of Mexico in two months.

FROM THE NORTH.

J. W. Tripp kills Two Sailors and wounds another—Prominent Citizens arrested for Smuggling Goods—Sailed—Attempt to Assassinate A. P. Miner—An Indian Attack.

Yesterday morning, on the arrival of the Steamer John B. Hunt at Port Townsend, a riot shooting affair occurred on Fowler's wharf, the particulars of which, as far as learned are as follows: J. W. Tripp, Republican Candidate for District Attorney of Washington Territory came ashore from the Steamer, and while proceeding up the wharf, an altercation took place between him and some sailors from the ship Southern Chief. Tripp being armed with a shot gun and his brother-in-law, who accompanied him with a revolver, fired five shots, killing two sailors and severely wounding one. Tripp and his brother-in-law were at once arrested and lodged in jail to await result of investigation now going on.

PORTLAND, May 17.—Two prominent citizens of this city were arrested for smuggling goods and liquors from Victoria, and taken before the U. S. Commissioner who admitted them to bail. Another man was also arrested on the same charge, who turned States' evidence is held to bail as a witness, in the sum of \$5,000. A considerable quantity of liquor and other property have been seized by the United States Marshal.

A letter from Silver City, May 6th, contains the following account: On account of an alleged P. M. Hunt, a mile from Silver City on his way home: He was surrounded by six men, a hand to hand fight commenced. He succeeded in taking a six-shooter from the ringleader and kept them back long enough to drop down into the creek and floated with the current. He received two shot and was severely hurt, and was in the water two hours. It is thought he will recover. A man named Dowk was found lying in the street badly shot through the shoulder, supposed to have been shot by him in the fight.

A band of 20 or 30 Indians appeared on Catharine creek killing some men herding huts, and appropriating the stock. A party has started in pursuit.

SAN FRANCISCO DISPATCH.

SAN FRANCISCO, May 17. The Call this morning recites the charge that the Whaling Bark *Amelia*, of this port is owned by Custom House officers, in violation of the law, and that she had been engaged in smuggling, and that complaints had been made to Collector Miller, who failed to take any notice of them. The matter is being investigated by the secret agent.

A NEW AND GRAND EPOCH IN MEDICINE.—Dr. Maggill is the founder of a new Medical System! The quantities, whose vast internal doses on feeble the stomach and paralyze the bowels, must give precedence to the man who restores health and appetite, with from one to two of his extraordinary Pills, and cures the most violent cases with a box or so of his wonderful and all-balancing pills. These two great specifics of the Doctor are fast superseding all the stereotyped nostrums of the day. Extraordinary cures by Maggill's Pills and Salve have opened the eyes of the public to the inefficiency of the (so called) remedies of others, and upon which people have so long blindly depended. Maggill's Pills are not of the class that are swallowed by the dozen, and of which every box full taken creates an absolute necessity for another. One or two of Maggill's Pills suffices to place the bowels in perfect order, tone the stomach, create an appetite, and render the spirits light and buoyant! There is no griping, and no reaction in the form of constipation. If the liver is affected, its functions are restored; and if the nervous system is feeble, it is invigorated. This last quality makes the medicines very valuable for the wants of delicate females. All Ulcerous and eruptive diseases are literally extinguished by the disinfectant power of Maggill's Salve. In fact, it is here announced that MAGGILL'S PILLS, HYPERMETIC AND DIARRHEA PILLS cure where all others fail. Which for Burns, Scalds, Childbirths, Cuts and all abrasions of the skin MAGGILL'S SALVE is infallible. Sold by J. MAGGILL, 111 Pine street, New York. R. H. McDonald & Co., San Francisco, and all Druggists, at 25 cts. per box. Jy 7 12m

"JES! SO!" "EXACTLY!"—Solen Shingles said: they were there "every time." If he felt "owley" in the morning, he took Plantation Bitters; if he felt weary at night he took Plantation Bitters; if he lacked appetite, weak, languid, or mentally oppressed, he took Plantation Bitters; and they never failed to set him on his pins square and firm.

A few bottles of PLANTATION BITTERS will cure Nervous Headache.

"Cold Extremities and Feverish Lips,

"Sour Stomach and Fetid Breath,

"Flatulency and Indigestion,

"Nervous Affections,

"Excessive Fatigue and Short Breath,

"Pain over the Eyes,

"Mental Drowsiness,

"Prostration: Great Weakness,

"Sallow Complexion, Weak Bowels, &c.,

which are evidences of

LIVER COMPLAINT and Dyspepsia.

After a long research, we are able to present the most pleasant, the most remarkable cure for those horrid nightmare diseases the world has ever produced. Within one year over six hundred and forty thousand persons have taken the Plantation Bitters, and not an instance of complaint has come to our knowledge.

It is a most effectual tonic and agreeable stimulant, suited to all conditions of life.

The report that it relies upon mineral substances for its active properties are wholly false.

The original quality and high standing of these goods will be sustained under every and all circumstances. They have already obtained a sale in every town, village, parish and hamlet among civilized nations. Base imitations try to come as near our name and style as they can, and because a poor article cannot be sold as low as a good one, they find they sell. Be on your guard. See our private stamp over the cork.

Have you a hurt child or a lame horse? Use the Mexican Mustang Liniment.

For cuts, sprains, bruises, swellings and caked joints, the Mexican Mustang Liniment is a certain cure.

For rheumatism, neuralgia, stiff joints, stings and bites, there is nothing like the Mexican Mustang Liniment.

For spavined horses, the poll evil, ringbone and swellings, the Mexican Mustang Liniment is a certain cure.

For wind galls, scratches, big-head and splint, the Mexican Mustang Liniment is worth its weight in gold.

CHICKS, bruises, sprains and swellings are so common and certain to occur in every family, that a bottle of this Liniment is the best investment that can be made.

It is more certain than the doctor—it saves time in sending for the doctor—it is cheaper than the doctor, and should never be dispensed with.

In lifetime the kettle from the fire, it tipped and scalded me terribly.

The Mustang Liniment extracted the pain and calmed the sore to heal rapidly, and left very little scar.

HOPE FOR THE AFFLICTED.—In another part of this paper will be found the advertisement of the celebrated Institute established by Dr. J. C. Young, in 1850. At this age of deceit and charlatanism, it is a boon to the suffering to point out to them where they are sure of obtaining the wished-for relief and cure. Under the care of the skillful Doctor the sick and troubled can drive themselves of their burdens of pain; lay aside their cross, and secure health and happiness. If you are sick or in trouble, do not hesitate, but try the advertisement and follow the advice. Do not forget the number or the manner of directing your letters. Consultation Office, 540, Washington Street, San Francisco.

MEDICAL ADVICE.—Dr. Wm. K. DOHERTY'S Medical and Surgical Institute is becoming a sine qua non to the welfare of our State and health of our citizens; and his rapidly spreading reputation, although it may excite surprise, is but the signal of skill, and follows as the natural result of such success. We are personally acquainted with gentlemen who had suffered for years under chronic disease, and who had taken advantage of every available means that promised relief, but without success, until they called upon Dr. Doherty, who, in an incredibly short space of time, has given them entire relief. It is gratifying to announce this fact, because the Dr. is a gentleman who seeks, not by deflation of others to establish his reputation or ruin of another's fame. The Doctor conducts his own Institute in such a manner as to be gratifying to all his patients. He examines, advises, and prescribes without charge, and the patient, after hearing his terms for treatment, can accept or reject at pleasure. In no case does the Doctor make a charge unless he effects a cure. This he is able to do, because he feels the confidence which long experience has given, and no doubt the consolation which appertains to that confidence. Persons afflicted with either acute or chronic disease, would do well to consult the Doctor at all events. It can do no harm, as for consultation he asks no fee; nor does he insist on obedience to his advice until the patient places himself under his care. His offices are on Sacramento Street, opposite the Pacific Mail Steamship Office.—News

SPECIAL MEDICAL NOTICE.—Dr. CHAS. H. TOZER would most respectfully inform the sick and afflicted that his MEDICAL INSTITUTE is at the same place, corner of Kearny and Jackson Streets, San Francisco, where he has been established for many years, for the cure of special complaints. Having relinquished my old modes of advertising, which has become so common with all the Quack Doctors of San Francisco, filling up the newspapers with false references, for the purpose of imposing upon strangers. I think it is only necessary to inform those in need of a Physician of long experience and successful practice, that I can be consulted at all business hours, at my Medical Institute, corner of Kearny and Jackson Streets, San Francisco.

Ladies suffering from the Whites, Piles, Weakness of the Back, Pain in the Side, Headache, Palpitation of the Heart, Derangement of their Monthly Sickness, and all other diseases that the Female System is subject to, will find prompt relief by applying to Dr. TOZER.

My Female Monthly Pills were never known to fail in giving relief in those cases for which they are recommended. To be obtained only at my office. Price \$3.00 with full directions on each Box. Sent by mail or express.
